## **INDEPENDENT AUDITOR'S REPORT**

To the Partners of  
Jamestown Co-Invest 5, L.P. and Subsidiaries

### ***Opinion***

We have audited the accompanying consolidated financial statements of Jamestown Co-Invest 5, L.P., a Georgia limited partnership, and Subsidiaries (the "Partnership"), which comprise the consolidated statement of net assets, including the consolidated schedule of investments, as of December 31, 2025, and the related consolidated statements of operations, changes in net assets and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Partnership as of December 31, 2025, and the consolidated results of its operations and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are required to be independent of the Partnership and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Consolidated Financial Statements***

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with U.S. generally accepted accounting principles and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

**Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

JAMESTOWN CO-INVEST 5, L.P. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2025

**(1) Organization and Purpose**

Jamestown Co-Invest 5, L.P. (the "Partnership"), a Georgia limited partnership, has multiple subsidiaries for its real estate investments (collectively referred to as the "Fund"). The Partnership was formed in September 2007 for the purpose of acquiring, investing, redeveloping, owning, operating and selling income producing properties with the intention of achieving current income, capital appreciation or both. Jamestown, L.P. ("Jamestown"), a Georgia limited partnership, is the General Partner.

The Partnership is authorized to have between 100,000,000 and 750,000,000 limited partnership units, each having a subscription price of \$1.00. On December 31, 2009, the Fund was closed for further purchase of limited partnership units. At the close of the Fund, 448,921,392 units had been issued.

As a limited partner, on October 1, 2007, affiliates of Jamestown subscribed and paid for 20,000,000 limited partnership units. Certain employees of the General Partner and Jamestown US-Immobilien GmbH, an affiliate of the General Partner, invest in the Partnership as limited partners. The contractual terms and requirements of the employee investors are generally consistent with all third-party investors.

As the General Partner, Jamestown was not required to contribute any capital to the Partnership.

On December 31, 2015, the Agreement of Limited Partnership (herein referred to as the "Partnership Agreement", inclusive of all subsequent amendments and restatements) was amended and restated to extend the term of the Partnership from December 31, 2016 to December 31, 2023. The Partnership may also terminate upon the occurrence of certain events as defined in the Partnership Agreement.

The amended Partnership Agreement also allowed for the limited partners to elect to have their Units redeemed effective December 31, 2015, for a redemption price equal to 110% of the Capital Contributions ("2015 Redemption"), or effective December 31, 2016, for a redemption price equal to the net asset value of the Partnership as of the redemption date ("2016 Redemption"). The gross 2015 Redemption resulted in 62,789,639 units being redeemed for \$69,068,603 on March 31, 2016, net of withholding taxes and other administrative expenses, remitted on behalf of the redeemed partners. The gross 2016 Redemption resulted in 60,857,105 units being redeemed for \$81,303,397 on March 31, 2017, net of withholding taxes and other administrative expenses, remitted on behalf of the redeemed partners. The redemption price represented 133.6% of the Capital Contributions. As of December 31, 2025, 323,449,648 units were outstanding.

The Partnership Agreement was further amended on October 1, 2021, to extend the term of the Partnership to December 31, 2027.

The stated objectives of the Partnership are as follows:

- a. To preserve and protect the partners' investments in the Partnership;
- b. To make distributions to the limited partners of 6% of the Adjusted Capital Contributions each year. The final distribution was made to the limited partners in December 2021.
- c. To return to each limited partner at least 110% of their Capital Contributions from (i) Net Proceeds of Sale or Refinancing and (ii) cash reserves existing at the time the Partnership is liquidated.

JAMESTOWN CO-INVEST 5, L.P. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2025

On December 9, 2021, as a result of the sale of the properties owned by WRI-Jamestown Retail Venture, L.P. (Weingarten Retail Portfolio) and JTCI5 Sunny Isles, L.P. (Beach Place Apartments) as well as the sale of 49.5% of the property owned by Ponce City Market and the refinance of the Ponce City Market mortgage loan payable, the Fund returned capital totaling \$433,422,528 to the limited partners, which represented approximately 134% of the outstanding units. A portion of the promote shared with the General Partner was also distributed (see Note 9).

All capitalized terms not defined herein shall have the meaning ascribed to them in the Partnership Agreement.

**(2) Summary of Significant Accounting Policies**

**(a) Basis of Presentation**

The accompanying consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP). The Partnership is considered an investment company under GAAP.

**(b) Basis of Consolidation**

The consolidated financial statements of the Fund include the accounts of the Partnership and its real estate partnerships for which it has control over the major operating and financing policies. All significant intercompany accounts and transactions among the Partnership and its subsidiaries have been eliminated in consolidation.

Variable Interest Entities (VIEs) are defined as entities in which equity investors (i) do not have the characteristics of a controlling financial interest, and/or (ii) do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. The entity that consolidates a VIE is known as its primary beneficiary, and is generally the entity with (i) the power to direct the activities that most significantly impact the VIE's economic performance, and (ii) the right to receive benefits from the VIE or the obligation to absorb losses of the VIE that could be significant to the VIE.

The Fund has determined that Georgetown Renaissance, L.P. ("Shops in Georgetown") is not considered a VIE, and since the equity investor does not have disproportionate power to direct the activities that most significantly impact the performance, the real estate investment is reported under the equity method in the accompanying consolidated financial statements (see Note 5).

**(c) Use of Estimates**

The preparation of the consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues, expenses, and realized and unrealized gains (losses) during the reporting period. These estimates and assumptions are based on management's best estimates and judgment. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment.

JAMESTOWN CO-INVEST 5, L.P. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2025

Management adjusts such estimates when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ from those estimates. The most significant estimates and assumptions for the Fund relate to the valuation of the real estate, mortgage loan payable and derivative instruments.

Real estate investment values are affected by, among other things, the availability of capital, occupancy rates, rental rates and interest and inflation rates. As a result, determining real estate investment values involve many assumptions. Amounts ultimately realized from each investment may vary significantly from the fair values presented.

**(d) *Real Estate Investments***

Real Estate

Real estate property acquisitions, sales and dispositions are recorded as of the date of closing. Real estate investments are carried at fair value. Costs incurred in connection with the acquisition of the real estate investments are capitalized.

Expenditures that extend the economic life of the property or directly relate to revenues of future periods, including tenant improvements and leasing commissions, are capitalized. Capitalized amounts are not depreciated or amortized since appraisals take into account the estimated effect of physical depreciation. Expenditures for maintenance and repairs are expensed as incurred.

Unconsolidated Real Estate Partnership

Investment in the unconsolidated real estate partnership is stated at fair value and is presented in the consolidated financial statements using the equity method of accounting, as the control of the investment is not held by the Fund. Under the equity method, the investment is initially recorded at the original investment amount, plus additional amounts invested, reduced by distributions received and adjusted for the Fund's share of undistributed earnings or losses (including realized and unrealized gains and losses) from the underlying partnership. The Fund's share in the net assets of the investment in unconsolidated real estate partnership includes the estimated fair value of the real estate investment, net of the cost of any debt and gives consideration to any preferential return provisions in the applicable partnership agreement. The economic substance of the investment is also taken into consideration in determining the Fund's share of the fair value of the investment. Capital contributions to the Fund's investment in the unconsolidated real estate partnership is recorded as of the date the funds are advanced. Distributions of income and return of capital to the Fund from its investment in the unconsolidated real estate partnership is recorded as of the date funds are received or deemed earned. In January 2025, the unconsolidated real estate partnership was sold (see Note 5).

JAMESTOWN CO-INVEST 5, L.P. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2025

**(e) *Investment Income and Expenses***

The majority of the Fund's revenue is earned through the lease of rental space at its underlying properties. These revenues are accounted for as leases under Accounting Standards Codification Topic 842, *Leases* (ASC 842).

Other revenue from real estate is accounted for as revenue from contracts with customers in accordance with Accounting Standards Codification Topic 606, *Revenue from Contracts with Customers* (ASC 606).

The Fund categorizes its primary sources of revenue as follows:

- Lease revenues: income arising from lease or license agreements which may include base rent, percentage rent, parking rent or reimbursements from tenants for real estate taxes, insurance, and other operating expenses. Base rent and monthly parking rent is recognized when due in accordance with the terms of the respective agreements. The Fund recognizes the reimbursement of expenses from tenants as the related expenses are incurred. Percentage rents are recognized once the thresholds are achieved and the amounts become determinable. In addition, termination fees arise from contractual agreements with tenants and are considered lease modifications. The Fund recognizes the income when it is earned. Lease revenues are accounted for in accordance with ASC 842 and are included in revenue from real estate on the accompanying consolidated statement of operations.
- Short-term residential rentals: income from the occupancy of short-term residential rentals is recognized over the term of the stay in accordance with ASC 606. Revenue from short-term residential rentals totaling \$8,213,859 is included in other revenue from real estate on the accompanying consolidated statement of operations.
- Parking fees: income from parking fees at Ponce City Market where the parking garage is not leased to an operator. The Fund recognizes the income when the service is performed or over the term of the contract, if applicable, in accordance with ASC 606. Parking fee income totaling \$5,837,301 is included in other revenue from real estate on the accompanying consolidated statement of operations.
- Sponsorship income: income arising from sponsorship agreements in exchange for various promotional considerations related to a stated event. The Fund recognizes the income on the date the sponsored event occurs in accordance with ASC 606. Sponsorship income totaling \$202,889 is included in other revenue from real estate on the accompanying consolidated statement of operations.
- Equity in income from the Fund's unconsolidated real estate partnership represents the Fund's share of the unconsolidated real estate partnership's net investment income.

Expenses are recognized when incurred.

JAMESTOWN CO-INVEST 5, L.P. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2025

**(f) Fair Value of Assets, Liabilities, and Derivative Instruments**

The Fund reports the fair value of its real estate investments, mortgage loan payable and its derivative instruments on the consolidated financial statements (see Note 3).

**(g) Cash, Cash Equivalents and Restricted Cash**

	<b>December 31, 2025</b>
Cash and cash equivalents	\$ 36,977,938
Restricted cash	2,873,289
Total cash, cash equivalents and restricted cash shown in the consolidated statement of cash flows	\$ 39,851,227

The Fund classifies short-term, highly liquid investments with original maturities of approximately 90 days or less and money market accounts as cash equivalents. These investments are stated at cost, which approximates fair value. The Fund invests its cash primarily in deposits and money market funds with commercial banks. At times, cash balances may exceed federally insured amounts per financial institution. Management believes it mitigates credit risk by depositing cash in and investing through major financial institutions.

Restricted cash consists of tenant security deposits as well as amounts required under the Ponce City Market loan agreement which can be utilized towards costs incurred for improvements and leasing as defined by the agreement.

**(h) Accrued Investment Income**

In the normal course of business, the Fund extends unsecured credit to its tenants. Individual leases where the collection of rents is in dispute are assessed for collectability based on management's best estimate of collection considering the anticipated outcome of the dispute. Individual leases that are not in dispute are assessed for collectability and upon the determination that the collection of rents over the remaining lease term is not probable, accrued investment income is reduced as a reduction to rental revenues. Revenues from leases where collection is deemed to be less than probable are recorded on a cash basis until collectability is determined to be probable. As of December 31, 2025, \$414,964 was included as a reduction of revenue from real estate on the consolidated financial statements.

**(i) Prepaid Withholding Taxes**

Amounts remitted on behalf of limited partners for withholding taxes are recognized as an asset that will be recovered from future distributions to those limited partners. Estimated withholding tax payments made could exceed the final taxes due and the Fund would either apply this excess to future tax liabilities or receive a refund from the taxing authority.

JAMESTOWN CO-INVEST 5, L.P. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2025

**(j) *Financial Instruments***

Accrued investment income, prepaid withholding taxes, prepaid expenses and other assets, tenant notes receivable, accrued distributions, accrued real estate expenses and taxes, accrued capital and leasing costs, accrued interest expense, tenant security deposits, due to related parties, net and deferred income are all short-term in nature; as such their carrying amounts approximate fair value.

**(k) *Income Taxes***

No provision for income taxes is required by the Fund since the partners report their respective share of the taxable income or loss of the Fund in determining their individual taxable income.

Section 1446 of the Internal Revenue Code (IRC) requires that a partnership with nonresident partners remit withholding tax payments directly to the Internal Revenue Service. The withholding tax payments are based upon the nonresident partners' allocable share of the Fund's consolidated income that is effectively connected with a U.S. trade or business times the highest marginal income tax rate as determined by the classification of income. The withholding tax payments are creditable against the individual partner's income tax liability and, to the extent the payments exceed the partner's actual income tax liability for the year, the excess will be refunded to the partner upon the filing of a U.S. income tax return. The Fund also remits creditable withholding taxes directly to the state taxing authorities of Georgia and Virginia.

The Fund accounts for income taxes in accordance with FASB Accounting Standards Codification 740, *Income Taxes* (ASC 740). ASC 740 prescribes a recognition threshold and measurement attribute for recognizing tax return positions in the consolidated financial statements as those which are "more likely than not" to be sustained upon examination by the taxing authority. ASC 740 also provides guidance on derecognition, classification, interest, penalties, accounting for income tax uncertainties in interim periods and the level of disclosures associated with any recorded income tax uncertainties. Management has concluded that it has no material uncertain tax liabilities to be recognized as of December 31, 2025. The Fund files U.S. federal, state and local tax returns. The 2022 through 2025 tax years of the Fund remain subject to examination by U.S. federal, state and local tax authorities.

The Fund's policy is to record tax related interest and penalties as a component of fund administrative expenses in the consolidated financial statements. Under the tax regulations in the United States of America, any liability for payment of federal and state income taxes on the Fund's earnings will be the responsibility of its partners, rather than that of the Fund. Net income (loss) allocated to partners on the Fund's income tax returns will differ from the accompanying consolidated financial statement amounts due to differences between GAAP and the federal income tax basis of accounting.

JAMESTOWN CO-INVEST 5, L.P. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2025

**(1) Risks and Uncertainties**

In the normal course of business, the Fund encounters economic risk, including interest rate risk, credit risk, market risk and inflation risk. Interest rate risk is the result of movements in the underlying variable component of the mortgage financing rates. Credit risk is the risk of default on the Funds' real estate investments that results from an underlying tenant's inability or unwillingness to make contractually required payments. Market risk reflects changes in the valuation of real estate investments held by the Fund. Inflation risk is the risk that rising prices could increase the Fund's operating expenses and impact tenants' business operations or demand for hospitality services.

**(3) Fair Value Measurements**

The Fund's real estate investments, mortgage loan payable and derivative instruments are reported at fair value in accordance with Accounting Standards Codification 820, *Fair Value Measurements* (ASC 820). ASC 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Fund. Unobservable inputs are inputs that reflect the Fund's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. ASC 820 establishes a three-tier hierarchy to classify fair value measurements. The hierarchy is broken down based on the reliability of inputs as follows:

- Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 instruments.
- Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.
- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement. Level 3 valuations incorporate certain assumptions and projections that are not observable in the market, and significant professional judgment is used in determining the fair value assigned to such assets and liabilities.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2025

The availability of observable inputs can vary from instrument to instrument and is affected by a wide variety of factors, including the type of instrument, whether the instrument is new and not yet established in the marketplace, and other characteristics particular to the transaction. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Investments in real estate and unconsolidated real estate partnerships are generally classified within Level 3 of the fair value hierarchy. These fair value measurements are based primarily upon judgmental estimates and are based on the current economic and competitive environment, characteristics of the investment, credit, interest, and other factors. Therefore, fair value cannot be determined with precision, cannot be substantiated by comparison to quoted prices in active markets, and may not be realized in a current sale or immediate settlement of the asset and/or liability. Additionally, there are inherent uncertainties in any fair value measurement technique, and changes in the underlying assumptions used, including discount rates, liquidity risks, and estimates of future cash flows, could significantly affect the fair value measurement amounts.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Fund's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Fund uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified between the levels. There were no reclassifications between levels in 2025.

The following is a description of the valuation techniques used for assets and liabilities measured at fair value:

Real Estate

The fair value of the real estate investments have been determined giving consideration to the income, cost and sales comparison approaches of estimating property value. The income approach estimates an income stream for a property (typically 10 years) and discounts this income plus a reversion (presumed sale) into a present value at a risk adjusted rate. Yield rates and growth assumptions utilized in this approach are derived from market transactions as well as other financial and industry data. The cost approach estimates the replacement cost of the building less physical depreciation plus the land value. Generally, this approach provides a check on the value derived using the income approach. The sales comparison approach compares recent transactions to the real estate investment. Adjustments are made for dissimilarities which typically provide a range of value. Generally, the income approach carries the most weight in the value reconciliation.

As of December 31, 2025, the fair value of the real estate investments were determined using a restricted appraisal report, in accordance with the Uniform Standards of Professional Appraisal Practice (USPAP), which include less documentation but nevertheless meet the minimum requirements of the Appraisal Standards Board and the Appraisal Foundation and are considered appraisals. In this appraisal, a full discounted cash flow analysis, which is the basis of the income approach, is the primary focus.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2025

Management reviews the assumptions utilized in the external appraisal to confirm that the valuation is reasonable. The Fund's real estate investments are classified within Level 3 of the valuation hierarchy.

Unconsolidated Real Estate Partnership

The unconsolidated real estate partnership is stated at the fair value of the Fund's ownership interest of the underlying partnership. The Fund's ownership interest is valued based on the fair value of the underlying real estate, any related mortgage loans payable, and other factors, such as ownership percentage, ownership rights, distribution provisions and capital call obligations. The underlying assets and liabilities are valued using the same methods the Fund uses for those assets and liabilities it holds directly. The Fund's investment in the unconsolidated real estate partnership is classified within Level 3 of the valuation hierarchy. On January 23, 2025, the Partnership sold the unconsolidated real estate partnership, Shops in Georgetown, (see Note 5).

Mortgage Loan Payable

The fair value of the mortgage loan payable is determined by discounting the difference between the contractual loan payments and estimated market loan payments at an equity discount rate based on asset appraisals that reflect how a typical third-party investor would value the cash flows. Market loan payments are derived from overall market lending rates, debt origination and assumption transactions in the market, and property specific factors, including loan to value and cap rate changes. Deferred financing costs are included as a component of interest expense, net and are not deferred. The Fund's mortgage loan payable is classified within Level 3 of the valuation hierarchy.

The significant unobservable inputs used in the fair value measurement of the Funds's mortgage loan payable are the selection of certain market interest rates and implied equity discount rates. Management reviews the valuation of the mortgage loan payable annually. The difference in the calculated fair value and the balance outstanding is the market valuation adjustment.

Derivative Instruments

The fair value of the interest rate swaps are based on the notional, payment frequency, day count fraction, fixed and floating rates, and other factors, including the credit strength of both counterparties. The present value of expected cash flow differences is calculated based on prevailing market and contractual interest rates and credit spreads. The valuations are performed by an independent appraiser consistent with market standards for valuing derivatives.

Management reviews the valuation of the interest rate swaps as needed but no less frequently than once per year. The Fund's derivative instruments are classified within Level 2 of the valuation hierarchy.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2025

The following table shows quantitative information about unobservable inputs related to the Level 3 fair value measurements as of December 31, 2025:

Type	Asset Class	Valuation Technique	Unobservable Inputs	Weighted Average
Real estate investments	Mixed-Use	Discounted cash flow	Discount rate	7.60%
			Terminal capitalization rate	5.83%
Mortgage loan payable	Mixed-Use	Discounted cash flow	Market interest rate	5.33%
			Implied equity discount rate	11.41%

Management determined cost approximates fair value for the assets within Scout.

Significant increases (decreases) in any of the inputs in isolation would result in a significantly lower (higher) fair value.

As of December 31, 2025, 100% of the Fund's investments at fair value were located in the South region of the United States, as defined by the National Council of Real Estate Investment Fiduciaries. The non-controlling interest in real estate is 100% in the South region.

**(4) Real Estate**

The Fund's real estate as of December 31, 2025 is comprised of the following:

Real Estate	Cost	Fair Value
Mixed-Use	\$ 798,538,197	\$ 1,026,891,051
Hospitality	6,708,949	6,708,949

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2025

The aggregate minimum future rentals, scheduled to be received on real estate, for noncancelable operating leases in effect as of December 31, 2025, are as follows:

Years Ending December 31,	Amounts Due
2026	\$ 28,321,444
2027	27,288,217
2028	26,673,438
2029	26,359,592
2030	24,545,939
Thereafter	82,609,988
Total future minimum lease payments	\$215,798,618

The above future minimum base rentals exclude residential lease agreements with terms of less than one year. For the year ended December 31, 2025, the Fund earned approximately \$20,177,000 from leases with terms of less than one year.

The Fund is also entitled to additional rents, which are not included above, which are primarily based upon escalations of real estate taxes and operating expenses over base period amounts. These are included as revenue from real estate in the accompanying consolidated financial statements.

On certain leases, the Fund is entitled to receive additional rents, which are also not included above, equal to a percentage of the tenants' annual gross sales over the minimum amounts specified in the lease agreements. For the year ended December 31, 2025, the Fund earned \$3,924,092 in percentage rents from tenants which are included as revenue from real estate in the accompanying consolidated financial statements.

Ponce City Market executed a Land Use Restriction Agreement with the Atlanta Development Authority on July 11, 2011. Under this agreement, during the rent affordability period, which commenced in October 2014 and will continue until October 2029, at least 20% of the residential units must be designated as affordable units and be leased or available to be leased to residents which meet certain qualifications. Management believes Ponce City Market complies with the requirements specified in the agreement related to these affordable units.

The components of revenue from real estate are as follows:

	Year Ended December 31, 2025
Fixed lease payments	\$ 44,798,700
Variable lease payments	22,460,551
Total revenue from real estate and other revenue from real estate	\$ 67,259,251

**(5) Unconsolidated Real Estate Partnership**

On January 23, 2025, the Partnership sold its 48% interest in the properties owned by Shops in Georgetown to its partners for net proceeds totaling \$40,081,060. The net sales proceeds were based on a gross property value of \$244,000,000 less the mortgage loan payable of \$152,000,000, sales expenses of approximately \$1,250,000 and other purchase price adjustments in accordance with the Partnership Interest Purchase Agreement ("PIPA"). The Fund was released from its guaranty obligations as a result of the sale. The Fund paid a disposition fee to the General Partner in the amount of \$2,273,961 (see Note 10).

**(6) Mortgage Loan Payable**

Mortgage loan payable as of December 31, 2025 consists of the following:

Loan Collateral	Interest Rate	Scheduled Maturity	Principal Outstanding December 31, 2025	Fair Value December 31, 2025
Ponce City Market <sup>(1)</sup>	SOFR +1.9% <sup>(2)</sup>	January 16, 2026	\$ 612,904,341	\$ 612,904,341
			<u>\$ 612,904,341</u>	<u>\$ 612,904,341</u>

(1) Interest only loan.

(2) 1-month SOFR was 3.72% as of December 31, 2025.

On December 7, 2021, the Ponce City Market mortgage loan payable was refinanced with a mortgage loan totaling \$630,000,000. Initial proceeds in the amount of \$420,000,000 were received at the time of the refinance. The remaining balance of the loan proceeds, in the amount of \$210,000,000, may be advanced from time to time to finance capital improvements, upon satisfaction of the requirements stated in the mortgage loan agreement. During 2025, \$16,363,845 was advanced in accordance with the agreement. As of December 31, 2025, a total of \$192,904,341 has been advanced and \$17,095,659 was available for future funding. On December 4, 2025, the property executed an amendment to its loan agreement extending the initial maturity date from December 5, 2025 to January 16, 2026 (see Note 13).

The Ponce City Market mortgage loan payable may be prepaid without penalty in accordance with the loan agreement. For the year ended December 31, 2025, the Fund incurred financing costs of \$81,173 which is included as a component of interest expense, net in the accompanying consolidated financial statements. For the year ended December 31, 2025, the Fund incurred interest expense related to the mortgage loan payable of \$38,059,018. The loan agreements contain certain financial and nonfinancial covenants. The Fund was in compliance with all covenants as of December 31, 2025.

JAMESTOWN CO-INVEST 5, L.P. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2025

On July 11, 2011, a subsidiary of the Partnership entered into a contingent loan agreement with The Atlanta Development Authority relating to Ponce City Market. The contingent loan of \$11,500,000 bears interest at a rate of 3%. Contingent payment calculations are required to be performed quarterly and upon capital transaction dates to determine eligible funds available for payment of principal and interest, as defined by the agreement. The eligible funds are contingent on the overall returns to the investors, as defined by the agreement, and if the defined thresholds are not met, no payment is due. The agreement terminates on the earliest of all principal and interest being paid in full or December 31, 2041. The contingent loan agreement is guaranteed by the Partnership. Due to the contingent nature of the agreement, the outstanding principal and interest are not presented in the accompanying consolidated financial statements.

Scheduled annual payments of principal on the mortgage loan payable as of December 31, 2025 are as follows:

Years Ending December 31,	Principal Due
2026	\$ 612,904,341
Thereafter	—
Total future minimum principal payments	\$ 612,904,341

Total interest rate swaps				<u>\$ —</u>	<u>\$ —</u>	<u>\$ 4,139,942</u>

(1) The rate represents the fixed SOFR portion of the interest rate swap.

(2) Interest income related to the derivatives is reflected in interest expense, net in the consolidated statement of operations.

In accordance with Accounting Standards Codification 815, *Accounting for Derivative Instruments and Hedging Activities*, the Fund has not designated the interest rate swaps as a cash flow hedge. Accordingly, the Fund recognizes any changes in fair value as a component of unrealized gains (losses) in the accompanying consolidated financial statements. For the year ended December 31, 2025, the total decrease in the unrealized gain on the interest rate swaps was \$3,430,981.

**(8) Fund Administrative Expenses**

Fund administrative expenses can include audit fees, tax preparation fees, compliance fees, legal fees and any other expense related to the business and operations of the Partnership. Certain fund administration expenses were incurred for services performed by an Affiliate (see Note 10). For the year ended December 31, 2025, the expenses incurred by the Partnership were comprised of the following:

	Amount
Audit fees	\$ 154,100
Legal and professional fees	13,668
Tax and compliance fees	104,793
<b>Total</b>	<b>\$ 272,561</b>

**(9) Partnership Agreement**

The Partnership Agreement contains provisions relating to capital contributions, redemptions, distributions of cash flow, distribution of proceeds from capital transactions and allocation of profits and losses.

Net income or net loss for each taxable year (or portion thereof) shall be allocated among the partners in such a manner that if the Partnership were to liquidate immediately after the end of such fiscal year and in connection with such liquidation sell all of its assets for cash for their then book values and satisfy all liabilities according to their terms: (i) the distribution by the Partnership of any remaining cash to the partners in accordance with their respective positive capital account balances would correspond as closely as possible to the distributions to the partners based on liquidating distributions and (ii) any resulting deficit capital account balances would correspond as closely as possible to the manner in which economic responsibility for Partnership deficit balances would be borne by the partners.

Distributions of Operating and Capital Cash Flows

Beginning December 31, 2015, cash flow, as defined by the Partnership Agreement, is to be distributed to the partners, annually on May 30th of the following year, commencing on May 30, 2016 in the following priority:

- a) First, 100% to the limited partners in proportion to and the extent of the accrued unpaid preferred distribution as of the end of the preceding year. The preferred return shall be a non-compounding per annum rate equal to \$0.0600 per unit beginning on January 1, 2010. The paid preferred distribution for each unit includes previously distributed amounts attributable to each unit. The final preferred return distribution was paid to the limited partners in December 2021.
- b) Next, the balance, if any, 33.33% to the General Partner and 66.67% to the limited partners, pro rata.

Net proceeds from a sale or refinancing are to be distributed as follows:

- a) First, 100% to the limited partners, in proportion to and to the extent of the accrued but unpaid preferred distribution as of the date of the distribution. The final preferred return distribution was paid to the limited partners in December 2021.
- b) Next, 100% to the limited partners, in proportion to and to the extent necessary to cause the cumulative distributions to each limited partner equal to 110% of the capital contributions. As of December 31, 2025, the limited partners were paid \$355,794,612 under this provision.
- c) The balance, if any, 33.33% to the General Partner and 66.67% to the limited partners, pro rata. As of December 31, 2025, the limited partners received \$77,627,916 equal to a 24% return and the General Partner was paid \$38,829,466 under this provision. Additionally, the General Partner was paid \$5,352,818 related to amounts due from the unit holders that elected the 2016 Redemption. As of December 31, 2025, the General Partner is estimated to receive an additional \$74,265,116 under this provision.

As of December 31, 2025, \$1,088,946 remained payable to the investors related to the distributions. The amount that remained payable was primarily related to investors with unsettled estates, and the distributions will be paid once the heirs are confirmed. This balance is included in accrued distributions in the accompanying consolidated financial statements.

**(10) Related Party Transactions**

Rental Income

Jamestown leases space at Ponce City Market, pursuant to the terms in the lease. For the year ended December 31, 2025, the Fund earned approximately \$2,594,000 in rental income from Jamestown, which is included in revenue from real estate in the accompanying consolidated financial statements.

Supervisory Management Fees

As provided for in the Partnership Agreement, the General Partner is entitled to an annual fee for the administration of the Fund. For the year ended December 31, 2025, the Partnership incurred a fund administration fee of \$1,908,000 and is included in supervisory management fees in the accompanying consolidated financial statements.

The General Partner is also entitled to an annual fee equal to \$161,000, payable monthly. For the year ended December 31, 2025, the General Partner fee was \$161,000 and is included in supervisory management fees in the accompanying consolidated financial statements.

Asset Management Fee

As provided for in the Partnership Agreement, the General Partner is entitled to an annual asset management fee, for the supervision of properties and the management of the affairs of the Fund. The annual asset management fees are fixed amounts, payable monthly, in an amount equal to \$901,930 for Ponce City Market and \$681,000 for Shops in Georgetown. Due to the sale of Shops in Georgetown the fee was prorated (see Note 5). For the year ended December 31, 2025, the Partnership incurred \$944,844 in asset management fees in the accompanying consolidated financial statements.

Disposition Fee

As provided for in the Partnership Agreement, the General Partner is entitled to a disposition fee of 3% of the sales price less the broker fee. For the year ended December 31, 2025, the Fund incurred a disposition fee of \$2,273,961 related to the sale of Shops in Georgetown which is included as a component of the net realized gain from sale of unconsolidated real estate partnership (see Note 5).

Real Estate Investment Level Services

The General Partner may retain an Affiliate to perform services for the Fund's real estate investments, including property management, leasing, construction management, sustainability consulting, and other services. During the year, a review of all Affiliate fees is completed to ensure the billing of Affiliate fees is in accordance with the Partnership Agreement. To the extent any differences are identified, an adjustment billing is processed.

An Affiliate serves as the property management company for the real estate investments, and is entitled to receive a monthly management fee and cost reimbursements, as defined by the respective property management agreements. For the year ended December 31, 2025, the Affiliate earned property management fees and cost reimbursements totaling approximately \$4,112,000. These amounts are included in real estate operating expenses in the accompanying consolidated financial statements.

The following amounts are either capitalized into the cost basis of the real estate or included in real estate operating expenses in the accompanying consolidated financial statements.

An Affiliate earns construction management and development fees and cost reimbursements in connection with building or tenant improvements. For the year ended December 31, 2025, the Affiliate earned construction management and development fees and cost reimbursements, including expenses related to employee time and travel, totaling approximately \$2,294,000.

An Affiliate provides legal services for certain real estate investments and the Partnership. For the year ended December 31, 2025, the Affiliate billed cost reimbursements, including expenses related to employee time and travel, totaling approximately \$118,000.

Loan Guarantee

The Partnership has a guarantee on the mortgage loan payable. The following table summarizes the guarantee as of December 31, 2025:

Project Name	Type of Guarantee by Partnership	Lender	Term of Guarantee	Maturity Date	Outstanding Debt Balance as of December 31, 2025	Maximum Contingency*	Recovery Recourse Provisions
Ponce City Market	Guaranty of Collection	ADA	Loan Life	N/A	—	Note 1	Note 1

\*Maximum Contingency does not take into account exposure related to violation of the standard carve-out. Violation of the standard carve-out could potentially result in an amount due up to the balance of the loan.

Note 1: The Partnership is liable for 100% of the unpaid amount of any contingent payments and unpaid interest due, under a guaranty of collection agreement. The underlying contingent loan agreement with the Atlanta Development Authority of \$11,500,000 bears interest at a rate of 3%. Contingent payment calculations are required to be performed quarterly and upon capital transaction dates to determine eligible funds available for payment of principal and interest, as defined by the loan agreement. The eligible funds are contingent on the overall returns to the investors, as defined by the loan agreement, and if the defined thresholds are not met, no payment is due. The loan agreement terminates on the earliest of all principal and interest being paid in full or December 31, 2041.

Capital Contributions

The Fund has agreed to make additional capital contributions to certain properties, in accordance with the properties' partnership agreements, to the extent that funds are needed for payment of capital and leasing projects or for operating shortfalls.

Tenant Improvements

As of December 31, 2025, the Fund has additional outstanding unrecorded obligations to fund tenant improvements totaling approximately \$1,432,000.
